The Men on the Moon

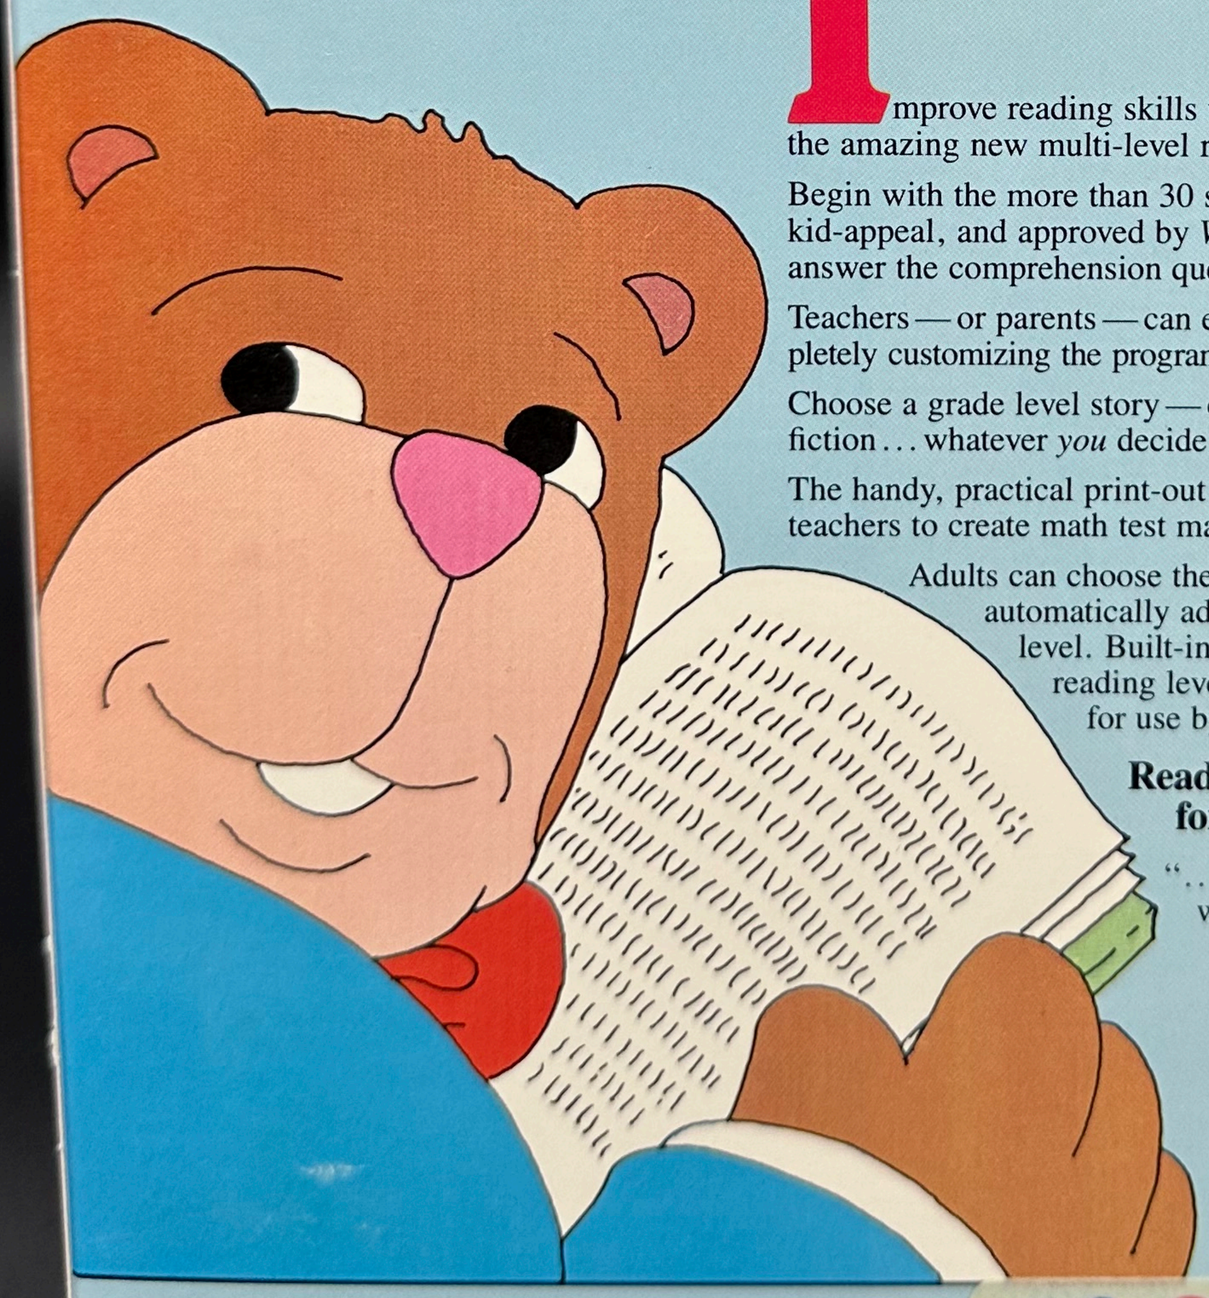
Neil Armstrong and Edwin Aldrin were the first men to walk on the moon. They traveled to the moon in the Apollo 11 rocket.

They landed on the moon on July 20, 1969. They stayed on the moon for less than one day. They traveled for four days to get to the moon.

Michael Collins was the pilot

1. Who was the pilot of the Apollo 11 rocket?
a. Neil Armstrong
b. Edwin Aldrin
c. Michael Collins

ANSWER: ■



Improve reading skills with *Stickybear Reading Comprehension,* the amazing new multi-level reading comprehension program!

Begin with the more than 30 stories stored on the disk — each one high in kid-appeal, and approved by *Weekly Reader* editors! Then see if users can answer the comprehension questions that follow each story.

Teachers — or parents — can enter their own stories and questions, completely customizing the program for children. The story possibilities are endless.

Choose a grade level story — or create a story — about science . . . history . . . fiction . . . whatever *you* decide!

The handy, practical print-out feature allows kids to do student reports and teachers to create math test masters on paper!

Adults can choose the skill level a child is ready for . . . the computer automatically advances when the child is ready for the next level. Built-in stories are structured for grades 2 through 4 reading levels, but it's an open-ended program, adaptable for use by older children, too!

Reading comprehension skill-building fun for ages 7 and up.

". . . should meet the needs of reading teachers very well." *Electronic Learning*

LIMITED WARRANTY

For a period of 90 days from the date of purchase, Optimum Resource, Inc. warrants to the original purchaser/customer that the diskette provided is free from defects in material or workmanship, under normal use and service. This warranty does not apply to defects resulting from abuse, alteration, or unreasonable use of this product. In the event that such defect is discovered within the warranty period, the purchaser's sole and exclusive remedy is expressly limited to the repair or replacement of the diskette. Simply return the diskette to Optimum Resource, Inc. or its authorized dealer along with a dated receipt.

This warranty is in lieu of all other warranties - oral, written, expressed, or implied. Any implied warranties, including warranties of merchantability and fitness, are hereby limited to 90 days from the date of purchase. Incidental and/or consequential damages resulting from a breach of any applicable express or implied warranties are hereby excluded, including damages to property and damages for personal injury. Some states do not allow the exclusion or limitations on how long an implied warranty lasts, so the above limitation or exclusion may not apply to you.

This warranty shall not be acceptable to the extent that any provision of the warranty is prohibited by any federal, state or local law which cannot be preempted. This warranty gives you specific legal rights and you may also have other rights which vary from state to state.

To Begin

Stickybear Reading Comprehension will run on any Apple, Apple II, Apple II Plus, Apple IIe, Apple IIc, Apple IIc+ or Apple IIGS. 3.5 disks require 64K; 5.25" disks require 48K.

To start, put the program disk into the drive and turn on your Apple. If you have Autostart, you will see the title panel displayed.

If your Apple does not have the Autostart ROM, you will see the monitor cursor*. Type 6 the P while holding down the key marked Control (6 CTRL P), then press the RETURN key.

After the title panel, you will see the welcome panel:

Welcome to
Stickybear Reading Comprehension

Please enter your name
and press Return

Name:

A student who wishes to begin working with the program may type his or her name (eleven letters or less) and press RETURN.

The program will begin at the appropriate level, including any changes previously made. If no changes have been made, the program will start at Level 1.

Teachers and parents who wish to customize the program or review a student's progress may enter the Options section from the welcome panel by pressing Control while pressing C (CTRL C).

You make individual assignments, then store them on the disk for up to 39 students (the 40th name is always reserved for any new child not on the list). Each student will be presented with the level specified for that individual.

After pressing Control C you will see the Options Menu:

Select a parent option:

1. **Update program options.**
2. **Check report cards.**
3. **Enter new student.**

ESC. **Restart program.**

Choose and press RETURN.

Press the number that corresponds to the option you wish to select, then press RETURN.

Update Program Options

When you select this option you will see:

You can customize the Stickybear Reading Comprehension program for each student.

Press RETURN to go on or ESC to go back to the previous menu.

Press RETURN to go on or Esc to go back to the Options Menu.

Enter the student's name.

Type the student's name (11 letters or less, then press RETURN. The Options section will present you with two choices. Press the appropriate number to identify your response, then press RETURN. You will be able to review and revise your selections after the second choice.

The options are:

1. Select the starting level of difficulty.

Enter a number from 1 to 7 to select the level of difficulty at which the program will begin for this student. *Stickybear Reading Comprehension* will adjust itself automatically as the student answers each exercise, and progress through the levels will be monitored on the report card.

Levels 1 & 2 are based on Grade 2 comprehension exercises.

Levels 3 & 4 are based on Grade 3 comprehension exercises.

Levels 5 & 6 are based on Grade 4 comprehension exercises.

Level 7 consists of custom exercises entered by the teacher or parent.

2. Select the number of tries.

Enter a number from 1 to 4 to specify how many incorrect answers the program will accept before the computer displays the correct answer.

If you do not change this option, the program will select two tries. Younger students will fell comfortable with more tries. You may set this option to 1 for a quiz form that will record accurate per-question scoring.

When you have completed both choices you will be shown a review screen. Type the number of any option you wish to revise, or press RETURN to accept the choices as made and to return to the welcome panel.

Name: ROBERT
1. Starting level: 4
2. Number of tries: 1
Press RETURN to accept the options as they are or enter the number of any option you want to change and press RETURN.

List of Commands

CTRL C	To get the Options from the welcome screen.
CTRL L	To toggle between uppercase and lowercase letters
CTRL Q	To turn the sound on or off.
CTRL Z	To cancel the section you are in.
SPACE BAR	To go on to the questions after reading the text. To review the text when answering questions.
